The conditions, as stated below, apply to the goods described herein at the time of export from New Zealand.

I certify that the products:

- were processed in establishments operating in accordance with New Zealand law;
- were processed in accordance with New Zealand regulatory requirements for items intended for human consumption;
- were derived from animals of New Zealand origin;
- as appropriate, were produced in accordance with the relevant international standards for butter and/or milk powder and so as to meet the food safety and compositional outcomes required by Sri Lanka Standards Institute Specification SLS 279:1988 for Butter and/or SLS 731:2008 for Milk Powder which are recognised under the Food Act by the Chief Food Authority of Sri Lanka.
- were produced in accordance with New Zealand's national chemical control and monitoring programme which assures that this product does not contain added melamine.
- do not contain fats or oils of non-dairy origin.
- do not exceed international limits for radioactivity levels, as determined by New Zealand monitoring programmes, which show that the level of radioactivity in New Zealand animal products is negligible and fit for human consumption.
