Re: Complete Survey Report on the 2024 Presidential Election of Sri Lanaka.

It is with great pleasure and anticipation that we reach out to you to express our eagerness to present the Survey Report on the 2024 Presidential Election in Sri Lanka. As a committed Institute for democracy, human rights, and the promotion of peace, we believe this report holds significant importance for both the Sri Lankan people and the international community at large.

Our team has worked diligently to conduct a thorough and comprehensive survey of the presidential election, adhering to the highest standards of impartiality, accuracy, and transparency. We are confident that the findings and insights contained within this report will provide invaluable information for understanding the electoral dynamics, identifying areas of improvement, and fostering dialogue and collaboration towards building a stronger democratic framework in Sri Lanka.

Given the importance of this report and its potential impact on promoting democratic values and good governance, we would be honored to have the opportunity to present it to the esteemed members of the UNHCR in Sri Lanka. We believe that your expertise and commitment to humanitarian principles make you valuable stakeholders in this endeavor, and we are eager to engage with you in a constructive dialogue about the findings and recommendations of the survey.

We are prepared to provide a detailed overview of the survey methodology, key findings, and recommendations during the presentation, and we welcome any questions, feedback, or suggestions you may have. Our goal is to facilitate an open and transparent discussion that fosters mutual understanding and collaboration towards our shared objectives of promoting democracy, human rights, and peace in Sri Lanka and beyond.

The presidential election for the Democratic Socialist Republic of Sri Lanka has been scheduled for 2024. herewith, hope to provide you with the complete survey's outcomes for your consideration.

Depending on your specifications, the following are the factual findings and framework from this survey.

1. Priority has been allocated to the four primary candidates, with all remaining candidates being assigned to the "other parties" category.
2. Direct information has been obtained from over ten thousand (10,000) individuals from all constituencies in Sri Lanka, and the percentage of that number is provided in the report that follows.
3. For postal voting, the direct opinions of over two thousand (2000) eligible public servants have been taken from each constituency.
4. The four major parties
   a. United National Party   (UNP)
   b. Samagi Jana Balawegaya,   (SJB)
   c. Sri Lanka Podujana Peramuna.   (SLPP)
   d. National People's Power   (NPP)

have been documented, and their application in the diagrams as follows:

- UNP   -   Green Colour
- SJB   -   Yellow Colour
- SLPP   -   Meroon Colour
- NPP   -   Purple Colour

5. When obtaining public opinion, all segments of the population were represented, with ethnicity, caste, religion, and occupation taking precedence.
6. This report is completely confidential and accurate.

   Please pay attention to this report summary, and we look forward to the remaining instructions. Together, we hope to work towards building a more inclusive, democratic, and peaceful future for all.

Thank you.

Survey Report on the 2024 Presidential Election of Sri Lanka.

Introduction:

The 2024 presidential election in Sri Lanka marks a significant milestone in the nation's political landscape. This survey report aims to provide a comprehensive analysis of voter sentiments, preferences, and trends observed before the election period. Through Depending on your specifications, data collection, and analysis, this report seeks to offer valuable insights into the electoral dynamics shaping Sri Lanka's democratic process.

Methodology:

Sampling:
The survey utilized a stratified random sampling technique to ensure representation from diverse demographic segments across Sri Lanka.

- Data Collection:
  Data was collected through structured interviews, online surveys, and telephonic interviews conducted in both urban and rural areas.

- Sample Size:
  A total of Over 10,000 respondents participated in the survey, comprising voters from all Districts of Sri Lanka. **(Annexure 01)**
  (Direct information has been obtained from over ten thousand (10,000) individuals from all constituencies in Sri Lanka, and the percentage of that number is provided in the report that follows.
  For postal voting, the direct opinions of over two thousand (2000) eligible public servants have been taken from each constituency.)

- Survey Period:

  The survey was conducted by using more than 330 university students over a span of twenty days (20 April 2024 to 10 May 2024), leading up to the 2024 presidential election in Sri Lanka.

  Key Findings:

- Candidate Preferences:

  Priority has been allocated to the four primary candidates, with all remaining candidates being assigned to the "other parties" category.

- Issues Driving Voter Choice:

  Economic Concerns: High inflation, unemployment, and economic instability emerged as primary concerns influencing voter decision-making.

- Ethnic and Religious Factors:

The role of ethnic and religious identity in shaping political allegiances was evident, with candidates leveraging these sentiments to mobilize support.

- Campaign Influence:
  The role of traditional and social media platforms in shaping public opinion was significant, with candidates employing sophisticated communication strategies to reach voters.

- Campaign Promises:
  Voters exhibited a discerning attitude towards campaign promises, demanding practical solutions to pressing socio-economic challenges.

- Regional Variations:
  Urban-Rural Divide: Contrasting preferences were observed between urban and rural voters, reflecting distinct socio-economic realities and priorities.

- Provincial Dynamics:
  Each province showcased unique electoral dynamics, influenced by historical, cultural, and economic factors.

Conclusion:

The 2024 Presidential Election in Sri Lanka highlighted the impact of socioeconomic, ethnic, and political variables on the country's democratic process. While the high voter participation revealed a strong commitment to democratic values, the differing choices and concerns reflected the different ambitions of the Sri Lankan people. As Sri Lanka goes forward, political leaders must confront the country's diverse difficulties and seek to promote inclusion, stability, and growth for all inhabitants. This survey study is an invaluable resource for policymakers, analysts, and stakeholders interested in understanding Sri Lanka's election politics.
